

# EUTHABAG®

Depart with dignity.

When words are inadequate, have a ritual.

## CUSTOMIZE YOUR PET'S EUTHABAG WITH WORDS...

Whether alone or with the family, decorating your pet's body bag can be a very soothing ritual. For children, it can help them come to terms with their pet's departure and begin the mourning process. Decorating the cover in which your pet will be laid to rest is a beautiful way to pay tribute to him and give them one last gift.

*"You're not where you used to be but you're everywhere I go."*
